#### **12.2.1 Input paper to IMO on amendments to IALA submission MSC103-20-9 on IMSAS Manual related to the revised resolution A.1158(32)**

Note by the VTS Committee

#### **1 INTRODUCTION**

IALA submitted document *MSC103/20/9* to the Maritime Safety Committee at its 103rd session to reflect the changes that had been made to the *Circular Letter No.3425* on the *Auditor's Manual for the IMO Member State Audit Scheme (IMSAS)*.

IMO Assembly adopted a revised resolution *A.1158(32)* on guidelines for vessel traffic services on the 15 December 2021. This resulted that the previously submitted amendments on the IMSAS Manual by IALA became out of date and needed to be revised in order for the questions on VTS to conform with the new resolution.

During its 53<sup>rd</sup> session, the VTS Committee prepared a revised submission to IMO as regards the amendments on the IMSAS Manual to be aligned with the new resolution, see attached document.

#### **2 THE COUNCIL IS REQUESTED TO**

Approve the attachment for the Secretariat to submit the amendments to IMO/NCSR10 for further consideration.
