# COUNTRIES HOLDING A LEVEL 1 ATON CERTIFICATE

IALA WORLD-WIDE ACADEMY

The final Level 1 AtoN manager course to be delivered by the Academy will take place in IALA Headquarters from 16 May to 10 June 2016. This is the final opportunity to formally certify AtoN personnel from States on the Academy Target List and other member States wishing to use the course as a train-the-trainer opportunity. In future potential AtoN managers and technicians will need to be trained at one of the growing number of Accredited Training Organisations (ATO) springing up in strategic locations round the world. Details of existing and new ATOs can be found under the “training” tab on the Academy page of the IALA website.
